

Amendments to the Specification

The Applicant requests that the previously requested amendments to the specification be disregarded in place of the Amendments to the Specification indicated herewith in the attached replacement paragraphs shown on the following several pages which are marked up to show changes made relative to the immediate prior version, that version being the specification as filed. The markings in the indicated replacement paragraphs indicate text or markings to be added as underlined text or markings, and text or markings to be deleted as text or markings having a line-through or strike-through. It is believed that no new matter is added to the specification with the amendment to the indicated replacement paragraphs.
